

## GRANT APPLICATION GUIDELINES

### OVERVIEW

Impact Austin is a community of women that seeks to transform lives in Central Texas through high-impact and life-long giving. Impact Austin combines donations from members and gives multiple high impact grants each year to local, worthy causes selected by our members.

Impact Austin will award grants in the following categories:

Focus Area	Description	Award Date
Community	To enhance economic, social, environmental, or cultural initiatives	June 2024
Education	To enhance education and learning	
G3	To improve the lives of youth in the community	April 2024

Impact Austin will offer only one grant cycle in 2024. Future grant cycles will be offered in the spring.

Grant amounts will be determined based on membership levels and announced at the start of each grant cycle. In each focus area, 80% of the grant amount will be awarded to the finalist who receives the most member votes to fund the proposed initiative over a one- or two-year period; 20% of the grant amount will be awarded to the other finalist as an unrestricted grant. All restricted grants include 20% designated as unrestricted funds.

In April 2024, Impact Austin will award a grant to improve the lives of youth in the community through Girls Giving Grants, a collective giving program for young women. Visit <https://www.impactaustin.org/girls-giving-grants> for more information.

### ELIGIBILITY

The organization submitting the application must be a public charity (not private foundation) with tax-exempt status under Section 501(c)(3) of the Internal Revenue Service Code<sup>1</sup>.

#### A proposal must:

- Provide services in Bastrop, Hays, Travis and/or Williamson counties, Texas
- Plan to expend the grant funds within 24 months
- Use the entire grant amount (no partial grants)
- Identify the focus area for the application (Community or Education). Impact Austin does not provide guidance as to which focus area is appropriate.

### A grant proposal can:

- Support programs or projects: existing programs or projects or new programs that target a specific population, last for a specific duration, and aim to achieve specific, measurable goals; and/or
- Support capacity: strengthen or grow a nonprofit organization to improve its future performance, impact, and sustainability in support of its mission and vision, producing measurable results for the organization by the end of the grant period.
- Both are considered Initiatives

Applicants may apply as a collaborative, defined as two or more entities working together for a collective outcome on a new or existing initiative or a formal coalition of organizations with established membership. Entities applying as a collaborative must identify one lead organization to submit the application, and that organization must meet the eligibility guidelines. If awarded a grant, the submitting organization will receive the funds and be responsible for distributing the proceeds to the collaborative.

Impact Austin has the right to reassess the eligibility guidelines at any time without prior notice.

<sup>1</sup>Impact Austin will accept applications from organizations that do not have a 501(c)(3) designation if they operate under the umbrella of an established 501(c)(3); the grant will be awarded to the 501(c)(3) organization. The grant review committee will assess the financial and operational controls between the two organizations before recommending the applicant for further review.

Impact Austin Community Partners (grantees) are eligible to apply as follows:

## REVIEW PROCESS

Impact Austin has a three-part grant process.

1. **Grant Application:** Organizations must submit the grant application online via the Impact Austin grant management system by the submission deadline, including supplemental documents. Applicants receive an email acknowledgement when the submission is complete. Impact Austin Grant Review Committee members evaluate all grant applications, select about six organizations in each focus area for further review, then select three semifinalists to participate in site visits. Applicants are notified at each stage.
2. **Site Visit:** Impact Austin uses site visits with semifinalists to complete a general due diligence review, and to investigate and resolve any remaining questions regarding the organization or the proposed initiative. The visits may be conducted virtually or in person; the format and required attendees will be communicated to semifinalists when they are selected. Following the site visit, Grant Review Committee members select and notify two finalists.
3. **Grant Award:** Impact Austin sends information about each finalist to all members. Finalists make a five-minute video presentation to members regarding their organization and proposed initiative. Impact Austin members vote to select grant recipients in each focus area, and members and finalists are notified of the results during the Impact Austin Annual Meeting where new Community Partners (grantees) accept the awards.

*Impact Austin reserves the right to reject a Grant Application for any reason, including a missed deadline or missing documentation.*

## TERMS AND REPORTING

Prior to receiving grant funds, each Community Partner must execute Impact Austin's Terms of Grant. Community Partners are also required to submit periodic progress reports. These documents are submitted online. Samples of these documents can be provided on request by emailing [grants@impactaustin.org](mailto:grants@impactaustin.org).
